I wish to breed \_\_\_\_\_ (name) who is a \_\_\_\_\_ (breed)  
with a registration number \_\_\_\_\_ (if applicable) to \_\_\_\_\_  
(breed) stallion \_\_\_\_\_ (name) with registration number \_\_\_\_\_  
(if applicable).

The above described mare must be in good health and not be wearing any shoes.

On arrival she must be wormed at the owners expense. A charge of \$25 will be charged to the owner.

She may remain on the property for 14 days after which there will be a charge of \$5 per day.

In the event that the mare requires veterinary attention to ensure her good health, the stud will endeavour to contact the owner immediately. If contact with the owner is unsuccessful, the stud has full permission from the owner to perform any medical attention at the owners expense. The stud will not be held responsible for any accident, sickness or death to outside mares or foals, although all care will be taken.

The stud guarantees a foal that can stand, suckle and survive for 24 hours. In the event that the mare does not get in foal, hold or produce a live foal that lives for more than 24 hours (with a veterinary certificate), a return service for the next available breeding season can be arranged.

In the event of a return service that the chosen stallion has been sold, died or become unfit to breed the return service will become void.

If the mare is returned the following season a handling fee of \$250 is payable.

A pregnancy test can be arranged at the owners expense.

A \$250 non-refundable booking fee must accompany this contract, with the remaining \_\_\_\_\_ to be paid along with any additional charges (eg. grazing, worming) prior to the mare leaving the stud.

All foals must be gelded. However, on occasions this may be negotiated after the birth of the foal and will incur an additional fee.
